

## Requests about the Census

The census counts every resident and household of Japan as of October 1 once every five years. The information collected in the census helps to improve the community. Foreigners must respond under the law.

You will receive a paper survey in a blue envelope during September.

Please respond to the census online or by mail by October 7.

There is a multilingual service online, so it is convenient for non-Japanese speakers.

For more details, please follow the instructions included with the survey.

If you are not sure how to proceed, please contact the multilingual census call center.

Contact: Census call center

0570-07-2020(Navigation Dial)

03-6636-9607(VOIP telephone)

Every day 8:00-21:00 including Saturday, Sunday and holidays

### **【Beware of Fraud!】**

There are fake surveyors who try to steal your personal information.

In the census, you will NOT be asked for your bank account or credit card details. Please be careful.

If you received suspicious e-mails or phones, or someone suspicious visits you, please report that to the call center below.
