

Information about COVID-19 Vaccination (July 21)

New cases of infections are increasing rapidly in the city! Please consider getting vaccination as soon as possible!

1. Please consider the 4th vaccination!!

The fourth vaccination is expected to have these effects.

☆ Preventive effect for severe disease

- Elderly people
- Persons with underlying conditions

Those at high risk of serious illness

<Eligible persons for the 4th vaccination>

- 60 years of age or older
- 18-59 years old and meet one of the following conditions
 - Those who have underlying conditions (for details, please refer to the document enclosed with the vaccination voucher.)
 - Obese person with a BMI (weight in kg/height in m/height in m) of 30 or more.
 - Those who are considered by the physician to be at high risk of serious illness

2. The 1st, 2nd, and 3rd vaccinations are also available!!

The 1st, 2nd, and 3rd vaccinations are expected to have these effects.

☆ Onset prevention effect

☆ Preventive effect for severe disease

<You can easily get vaccinated at Mass Vaccination Venues>

- Some venues open until "21:00 on weekdays" to drop in the venue on your way back home after work!!
- Open on "Saturdays, Sundays and holidays" so that you can get vaccinated!!
- For the 3rd vaccination, you can get vaccinated "without prior reservation"!!
- Possible to get "group vaccination" together with your friends and colleagues at work!!
- Possible to get "Novavax" vaccination said to have relatively less side effects!!

3. Vaccination venue (common to aged 12 & over)

- (1) Individual medical institutions : approx. 300 venues
(Please contact the Vaccine Call Center.)
- (2) Mass vaccinations: as per the chart at right
